

ULTRA VIOLET LANTERNS AND FILTERS FOR FLUORESCENT EFFECTS

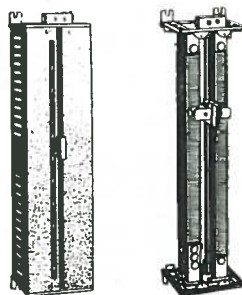

Pat. 230C

Price
(A.C. only)
£ s d

Pat. 230C U.V. Display Flood	4 7 6
<i>The following are required for the above:</i>	
125W Black Lamp	3 3 0
Ref. 405 Choke	5 9 4
379. Self-contained fitting complete with switch start control gear and choke for 4-ft U.V. tube lamp	5 10 0
4-ft 40-watt U.V. tube lamp for 379 above, subject to purchase tax	3 10 0
<i>For full details including fluorescent paint and other materials see booklet BLACK LIGHT</i>	
Ref. 380 Black glass filter in frame for Pat. 501	5 6 0
Ref. 381 Black glass filter only	3 15 0

Type G Sunset

Slider dimmer

IMPORTANT NOTES

- Both type and circuit wattage must be stated when ordering.
- Dimmers specially wound to handle loads $\pm 1/3$ rd of their rated capacity, can only be supplied as indicated in Table 2.
- The dimmers listed in Tables 1 and 2 above are not suitable for junior type switchboards. Special dimmers are available for this purpose for which see page 10.

- Extra on prices in Tables 1 and 2 if dimmers are arranged for conduit entry, 16/6 each. Add suffix —/CB to all type refs.

CONSTANT RATING—For special applications when the normal theatre rating may be unsuitable, i.e. for indefinitely prolonged use at intermediate positions, the wattages shown in the column headed "Constant" (Table 3) should not be exceeded.

SLIDER TYPE DIMMERS

FIXED LOAD DIMMERS. TABLE 1 (200-250 Volt A.C.)

Type	Circuit Watts	Approx. Dimensions inches			Weight lbs.	Price
